## Marsden M-200:

A high capacity bariatric chair scale with premium features and build quality

The Marsden M-200 is a high capacity chair scale with an extra wide super-sized seat, useful for weighing bariatric patients.

### Premium features

The M-200 is a bariatric chair scale with high accuracy making it suitable to weigh patients of all body types and sizes.

The chair scale has hinged armrests and footrests for patient comfort and easy patient transfer.

The M-200 has two rear brake wheels and two fixed wheels at the front. An optional handle is available to aid manoeuvring patients around, and an optional seat belt is available.

The scale has optional Bluetooth connectivity for connection to systems, databases, smartphones, tablets and PCs.

Super sized seat

### Quick and easy to use

With a rechargeable battery fitted as standard, the M-200 can be used absolutely anywhere regardless of where the nearest plug socket is. An adaptor is also supplied to charge the battery when in-between uses or at the end of the day.

The M-200 has an easy to use indicator – a simple weight reading can be taken in seconds. Additionally, BMI can be calculated.

Weight readings are accurate to the 50g/100g.

### Built to last

The M-200 is a premium chair scale that's built to last. It comes with a full two-year warranty, and for extra peace of mind a Marsden service contract, will keep it accurate and reliable.
