Marsden M-310:

A portable handheld baby scale for health visitors and midwives

The Marsden M-310 is an extremely, lightweight and portable handheld baby scale, that provides medically-approved accuracy to 10g.

A low-cost weighing solution

The M-310 is a unique Class III baby scale designed with health visitors and midwives in mind. This is the most lightweight scale which we stock in our range of baby scales. It is ideal for monitoring and keeping track of a baby's weight.

Plus, the M-310 is the lowest-cost Class III Approved baby scale available – yet still provides good accuracy to 10g.

Carry case for easy transportation

Hold function for stable weight reading

Easy to read display

Quick and easy to use

The M-310 is battery powered, needing just 6 AAA batteries. This provides a minimum 80 hours use.

Obtaining a weight reading is easy. Simply switch the scale on, place the baby in the sling provided, and press the Hold button. The weight reading is stabilised.

For easy transportation this scale has an optional carry case. Additional hooks and slings can also be purchased individually.

Ultra-lightweight and portable

Built to last

The Marsden M-310 is built to the same high quality as other scales within the Marsden range. This scale also has a full two-year warranty and for peace of mind it can be kept accurate and reliable with a Marsden service contract.
