Marsden V-25: A portable, affordable scale for weighing small pets at home or in a surgery

The **Marsden V-25** is a professional, affordable pet scale which is ideal for home or surgery use, or even small animals in a zoo. It is a great way to keep track of your pets weight to make sure that they stay fit and healthy.

Keep a regular check of your pets weight

The V-25 is a great entry level weighing scale which is ideally suited to weighing small animals.

The **large LCD display** clearly **shows the weight reading to the nearest 10g** – and a measure along the side of the scale allows you to measure their height, if wanted.

Take it anywhere you need

To start using the scale simply press the power button and you are good to go. **Lightweight** and **powered by 2 x AAA batteries** this is a truly portable scale.

An **optional carry case** or rucksack is available for easy transportation and storage.

Easy to use functions

The V-25 has a **Tare function**, for removing unwanted weight. The **Memory Recall function** allows the user to recall the previous weight reading. The **units button switches the scale from weighing in kg, to weighing in lb.**

Key features

- Lightweight design
- 2x AAA batteries
- Weighs in kg or lb
- Previous weight reading memory
- Includes Tare and Hold functions

Get peace of mind with a service contract
